CAPTAIN'S MESSAGE

Greetings Thurgood Marshall Families,

The time is here! I cannot believe we are at the end of the 2022-2023 school year. On behalf of the entire TMES staff, I would like to thank you all for trusting us with what is most important to you – your child. We are grateful to have had the time to help your child – our student – grow, develop, explore, and learn throughout this school year. Together, as a school community, we learned

and built a foundation that will continue to bring your child through their elementary years. For those that have students who are moving up through the grades, please know that Thurgood Marshall will always be a safe space, a home, for your children today and moving into the 2023-2024 school year.

The goal of the Thurgood Marshall Elementary School is simple – we strive to serve every child and always remain student centered. Through all of the celebrations, events, milestones, and accomplishments that we had this year, it is clear that our goal was met, and we hope you feel the same.

Have a beautiful summer and please remember that we offer a dynamic Summer STE-AAM Program for all of our students with slots still available!

Principal, Thurgood Marshall
Elementary School

Respectfully,
Dr. Lauren Schulze
Principal

The Sustainable New Jersey Grant

Thurgood Marshall Elementary School was awarded a \$2,000 Sustainable Jersey grant funded by the PSEG Foundation. Five \$20,000-grants, 12 \$10,000-grants and 40 \$2,000-grants were distributed to recipients across 17 New Jersey counties. The grant awards will fund a range of projects including food waste recycling; green infrastructure and sustainable landscaping; green fairs; composting; green business recognition; environmental resource inventories; outdoor classrooms; pollinator gardens and so much more!

In receipt of the grant at the College of New Jersey were : Mr. Joe Grillo, BOE Member, Tiffeny Andrews, Instructional Coach, and Amanda Napolitani, Reading Specialist

Celebrating Haitian Heritage

The celebration of the Haitian Heritage Day provides students and community members the opportunity to share and demonstrate pride in Haitian culture and history while maintaining self-esteem and self-identity. Haitian students bring a rich cultural heritage and pride in the epic history of their country, which brilliantly marks the history of the world. These students overcome major challenges, study, and work hard in order to succeed in their new environment, with the goal of becoming responsible citizens. Haiti is the country formerly known as “The Pearl of the Antilles,” a place of beauty, a magic land, and the beacon of Black freedom in the Western hemisphere. Due to the lack of consistent political stability, Haitians continue to battle to sustain economic growth, social progress, and international recognition.

A SURPRISE Visit... Dr. Schulze

The TMES PBIS Movie Week, By Mrs. Bravo

Positive Behavior Intervention and Supports (PBIS) not only helps students and teachers develop strong relationships when implemented correctly; it also teaches students important skills to help them be successful throughout their life. The way we respond to a child directly after a behavior makes it more or less likely to occur again. This is true of all behaviors, even those you may not want your child to repeat! Reinforcing socially appropriate and positive behaviors with meaningful rewards makes it more likely that children will repeat those desired behaviors.

Here at Thurgood Marshall Elementary School, we work hard to seek out those positive behaviors and reward the students with PBIS tickets that they can use to buy prizes at the store, win larger weekly raffles and mostly recently buy tickets to attend our Thurgood Marshall Movie Theatre where we show a variety of new releases and serve movie theatre treats in a relaxing theatre atmosphere. This addition to our PBIS reward system has been a huge hit with the students and it provides them with some extra incentive to work hard and be good citizens in school!
